**Contract Duration:**  
October 2014 to  
October 2015

**Contract Value:**  
\$2.8M On-Call

**Construction Value:**  
\$14.4M

The County of Orange Waste & Recycling Department selected Simplus for a four-year contract to manage construction at the OCWR North Region Landfills, including the Olinda Alpha Landfill in Brea, California. The project includes construction management and quality assurance and control services for Phase 1 Partial Final Closure of the front face of the landfill. The project involves the partial final closure of approximately 69 acres of the front face of the landfill using an alternative evapotranspirative cover to be constructed with onsite stockpiled materials. Construction management services include managing and coordinating the efforts of general contractors, subcontractors, OCWR staff, State and Federal regulatory agencies, design consultants, CQA consultants and adjacent construction contractors.

Additional anticipated projects include:

- Truck Wheel Wash Facility
- Operations Water Line
- Sanitary Sewer Line
- View-Shed Screening
- Landfill Gas System Expansion
